Message from the Chairman

Bismillahir Rahmanir Rahim,
Dear Shareholders,
Assalamu Alykum Wa Rahmatullah ,

It is a great pleasure for me to welcome you all, on behalf of the Board of Directors to the 20th Annual General Meeting of your company -"Sharp Industries PLC." and to present the Annual Report for the year ended 30 June 2024. We are delighted at your participation in this Annual General Meeting both physically and virtually.

The textile sectors and readymade garments (RMG) of Bangladesh provides the major source of growth in the economy of Bangladesh. Since the long period of time, textiles and garments exports are the 2nd principal source of foreign earnings. As you may be aware of the textile sector specially, spinning sectors had faced numerous external and internal challenges including unstable raw materials price, shipment delays, decrease of yarn price, hike of utility tariff, which all had direct impact on cost of production and overall profitability of the industry.

Due to post fire operational activities, shut down of factory, worldwide impact of prevailing COVID-19 pandemic and Russia-Ukraine conflict along with other circumstances the company faced difficulties in resumption of operations. As a result of management's firm belief and utmost intension to run the production of the company again, Amalgamation/merger of Samin Food & Beverage Inds. and Textile Mills Ltd. with R.N. Spinning Mills Ltd. was decided where R.N. Spinning Mills Limited will be the survival entity.

By the grace of almighty, the application for amalgamation has been approved by the High Court Division of the Supreme Court of Bangladesh on 18th December, 2022. Shareholders and the Creditors of the Company has accepted the decision of amalgamation/merger respectively in the EGM and Creditors Meeting. The company also received BSEC consent on 01 October, 2023 for completion of amalgamation process by following the High Court Order and provisions of securities related laws, rules, regulations and The Companies Act 1994 as well as other laws in force in Bangladesh. Accordingly the company has declared appointment date & record date on 31st October, 2023 and successfully completed the merger activities.

Since the beginning of Covid-19 the activities of entire manufacturing sector of the world has gone stagnant. Thereafter, ongoing Russia-Ukraine conflict, has adversely impacted on global and national economy by all means. Despite all the obstacles, sales revenue of your company for the year 2022-24 was Tk. 4,019,733,092/-, Gross Profit Tk. 371,901,726 Net profit after tax is Tk. 56,978,211 and earnings per share is Tk. 0.19.

I would like to express my sincere thanks to our respected shareholders for extending continuous support and confidence on the Board of Directors of the Company. I would also like to place on record my appreciation of thanks to our bankers and financial institutions, BEPZA, BSEC, DSE, CSE, RJSC, Suppliers, Customers and other stakeholders with whom we have been interacted in course of business & for their continuous support throughout these challenging times. The success we have achieved so far was only possible because of the collective efforts of all concerned. Once again, I convey my heartiest thanks to all our stakeholders and look forward their continued support and co-operation in future.

Finally, my gratitude goes out to each and every loyal staff and management team member of the company for their efforts despite adverse external factors, to sustain high service levels and support the company with their hard work, dedication and loyalty.

Thanking you all with wishes of healthy and prosperous life.

Md. Humayun Kabir
Chairman
SHARP INDUSTRIES PLC.

Message from the Managing Director & CEO

Bismillahir Rahmanir Rahim
Dear Shareholders,
Assalamu Alykum,

Respected Directors, Shareholders, Guests, Media Representatives, Ladies & Gentlemen; It is indeed a great honor and privilege for me to greet you all to the 19th Annual General Meeting of your Company. I am also pleased to be able to place before you the Annual Report along with the Auditor's and Director's Reports for Year Ended 30 June 2024, and overall performance of the Company and its prospects for the future.

The Year 2023-2024 has ended with immense expectation and needs for all of us-entrepreneurs, investors, stakeholders and shareholders significantly. It would be our individual as well as group responsibility to fulfill your commitments in our own sphere of activities, that the nation may attain its expected goals leading to extinction of poverty, employment for all, raised bar of living standard for the mass population through our part of contribution to the GDP considering the overall Economy of the Nation.
Now, I would like to highlight some points for your kind information and understanding. The financial period of 2023-2024 was a challenging year of the Company. In the year ended 30th June 2024, the operating results of the company have been increased compare to the earlier years and the year of 2020-2021, 2021-2022 had a serious adverse impact of COVID 19, Russia-Ukraine conflict and, the massive fire accident occurred in the factory at Comilla EPZ On the date of 8th April, 2019, which drastically destroyed the production plants, inventories and other supported facilities. Despite to all of the obstacles and to protect the implied adverse business situation, the company has successfully completed the amalgamation process. As a result, now the company has been running with full swing of operation. The company has been running with production capacities in cotton plant by 79872 spindles. Total capacity in cotton plant is 17,500.00 tons annually. sales revenue for the year 2023-24 was Tk. 4,019,733,092/-, Gross Profit Tk. 371,901,726 Net profit after tax is Tk. 56,978,211 and earnings per share is Tk. 0.19.

The Annual Report containing the Statutory Financial Statements for the year 2023-2024 along with the Directors' Report outlines in detail the quantitative and qualitative achievements attained. An examination would reveal that the operating assets/capacity of output/revenue earnings have increased leading to the significant augmentation in Turnover, Gross profits, Profit from Operations, Net Profit (After Tax), Earning Per Share (EPS), Net Asset Value (NAV) etc, both on standalone and consolidated positions.

The reason for increased cost of business is multifarious and is known to all of us. The situation in the future with more wars and world disorders in trade and financial system seems to be uncertain for doing business in every country.
We hope, the world leaders will succeed to avoid wars and eliminate disorders in every sphere of activities so that the peoples of all nations can breathe and survive.

With best wishes.

Mr. Md. Abul Kashem
Managing Director & CEO
Sharp Industries PLC.

(i) Industry outlook and possible future developments in the industry:

RMG sector is the highest revenue generating sector in Bangladesh. Spinning sector is playing a vital part of RMG value chain, for stabilizing supply chain and control the major costs. The products of spinning are cotton yarn, polyester, synthetic yarn, woolen yarn and blended yarn mixed of cotton with polyester of different counts. Out of total demand of yarns in Bangladesh, almost 85% demand of cotton yarns and 50% demand for synthetic and blended yarn of export-oriented fabric producing mills are being met by the private sector spinning mills.

Contribution of Textiles in Bangladesh:

- Investment in the Primary Textile Sector: over 6.00 billion US$.
- Value addition in knit & woven RMG are over 70% & 35% respectively.
- Textile sector contributes more than 13% in GDP.
- Over 86% of the export earning comes from Textiles & Textile related products.
- Around 90% yarn demand for knit RMG & 35-40% yarn demand for woven RMG are met by Primary Textile Sector (PTS).
- Local fabric demand & the yarn demand for handloom are also met by Primary Textile Sector (PTS).
- Backward & Forward linkage industries provide employment for more than 5 million people where 80% are female. (Source: Bangladesh Textile Mills Association).

While the Bangladeshi economy has been slowly recovering from the effects of COVID-19 and the current Russia-Ukraine conflict, the recent downturn in global economic development has been weighing on the country's progress. Prior to the COVID-19 period, GDP growth in Bangladesh was 7.88 percent in FY 2018-19. The growth rate during the COVID-19 slowed to 3.45 percent in FY 2019–20 before picking up speed to 6.94 percent in FY 2020–21 and 7.10 percent in FY 2021–22. The Bangladesh Bureau of Statistics (BBS) reported that in the current FY 2022-23, the GDP growth rate reached 6.03 percent, as well as the per capita national income reached US$ 2,765.

The ongoing global economic crisis including COVID 19 and Russia-Ukraine crisis effect having an impact on overall export dependent economies worldwide. Even high performing countries like China and India have recorded slowdowns. Other high performing economies like those of Thailand, Philippines and Indonesia are also suffering badly because of the ongoing crisis. In contrast, export of textile products from Bangladesh surprisingly remains quite buoyant. Readymade Garments exports have affected by significant percent during the year and over the corresponding period of last year.

Products	12 months ended 30-06-2024		12 months ended 30-06-2023	
	Taka	Percentage	Taka	Percentage
Acrylic	-	-	-	-
Cotton	4,019,733,092	100%	-	-
Total	-	-	-	-

(ii)Risks and concerns:

You know that your company’s products selling is directly depends on the production of garments and textile sector. All sectors of the garments and textile industries face many of the same challenges. The main problems are lack of power and problem with labor unrest causing disruption of production. Price of grid electricity for industries is likely to increase as well. Gas price has increased for the industries but the government has further hinted the raise as well. In the year risk from Covid 19 and Russia-Ukraine crisis has already impacted worldwide. Hence, coming year could be a year when the industries may need to be prepared to pay more for energy and fuel. So, this forcing the sector to be more cost effective in the ever challenging international market.

Other Information

Management is responsible for the other information. The other information comprises all of the information in the Annual report other than the financial statements and our auditors' report thereon. The directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with International Financial Reporting Standards (IFRSs), the Companies Act 1994, the Securities and Exchange Rules 1987 and other applicable laws and regulations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Company's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

In accordance with the Companies Act 1994 and the Securities and Exchange Rules 1987 and relevant notifications issues by Bangladesh Securities and Exchange Commission, we also report that:

a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
